If you suddenly had a drastic lifestyle change that made it hard to keep your cat/dog, what would you do?

Is there anything else that you would want to share with us?

BIYAYA ANIMAL

ADOPTION GUIDELINES

Basic requirements:

- Must be at least 18 years old.
- Identification that shows your current and present address.
- If renting, proof of agreement with your lessor that companion animal/s are allowed in the premises.
- Be willing to meet the cat or dog that you are interested in at their current location(foster home or Biyaya Clinic).
- Be willing to show a video or photos of your home where the cat or dog will be staying.
- Have the time and financial stability necessary to provide training, medical care, and proper general care for your companion animal.
- Be willing to send updates once a month for a year, and quarterly for succeeding years, about how your companion animal is doing.
- Lastly, treat your new companion animal as a family member!

Caring for companion animals is a lifetime commitment. Here are things to consider before adopting:

- Are you ready to give your time and attention to a companion animal that will be totally dependent on you for the next ten years or more?
- Companion animals require routine and regular veterinary care (check-ups, shots), proper nutrition, shelter, exercise, social interaction, grooming (and emergency vet bills). Ask yourself if you have the time and money to take full responsibility for another living being.
- Is your home ready for a new cat/dog? Expect minor accidents or repairs when taking in a new cat/dog.
- If you currently live with existing companion animal/s, how are you going to introduce them to the new cat/dog.
- Do you have somebody that you can rely on in case you have to go on business trips or extended vacations and are not able to take them with you?

Adoption is 500.00 fee.

Any donation that you can give us will be greatly appreciated and will help us save more lives.

Thank you!
